Village Values, as expressed in our Community Village Guidelines:

COMMUNITY VILLAGE MISSION STATEMENT:

In the midst of sparkling crystals, aromatic foods, and the river of people, rests an island of idealism, the Community Village. In the heart of the Oregon Country Fair, the Community Village promotes social/environmental awareness by providing a forum for the free communication of ideas. The process of putting together the Village is as significant as the end itself, as we organize cooperatively through consensus decision making. Beginning in 1976, we have grown from a modest display of appropriate technology to an intentional community involving the energies of individuals from many organizations.

The Community Village is a part of the OCF Family dedicated to education, information access, and networking for progressive social change. We have created a spiritual center manifesting the Village Vision of love, peace, trust, justice, cooperation, equality and social service. Believing in dreams, thinking of others, valuing differences and experimenting with new ideas, we hope to expand our consciousness beyond our morning circle, growing beyond the Fair and out into the world.
