Construction Report
Decon Report
Pass Allocation Process - set up review committee
One fun thing
Booth Breakdown

Come one, Come All to the BIG WORK PARTY

Saturday, May 17
10am to 3pm
Meet up at the Hub

RSVP for lunch count by Thursday noon.

The kitchen will accommodate veggie and omnivore diets, more specific than that, please bring your own.

Bring your own water bottle, appropriate clothing (good shoes/work boots, and gloves) & skin care -- the nettles & mosquitoes are out, the site should be fairly dry though there may be some muddy spots.

Let me know if you're bringing a chainsaw -- it'll help Phillip plan for work groups....

We'll have work for sawyers, buckers, loaders & unloaders, and possibly chippers.

As this is a work zone, it is not a safe place for young children.

CALENDAR

GENERAL MEETINGS 2014
7-9 P.M. 2nd WEDNESDAY: JANUARY-JUNE + NOVEMBER

LAST MEETING BEFORE ELIGIBILITY DEADLINE: 9 April
Eligibility Meeting April 14 7pm Growers
Booth Coordinator meeting April 16 7pm Growers
Main Camp opens June 7 | Oregon Country Fair, July 11-13

Camping Information

If camping with SO please put both people's info on one form. We encourage families to camp together. Quiet places are currently the Moon Lodge, Yurt, Pyramid, Tipi, and Meadow. Last year there was also a family space in the swamp to camp. Camping should be regarded as the bedroom of the Village. If you want to play music or party go join the fair.

Please have your camping form turned in to Nathan no later than June first. I need to have time to compile all info and give it to the appropriate camping hosts.

If you have any questions or special needs/requests, contact me as soon as possible. We can work out issues that come up, but some of them may take a little time.

Also, It is IMPORTANT to read the instructions on the form.

Also, remember that the fair is a crowded place to camp and PLEASE bring the SMALLEST tent you can possibly fit into.

There should be no tents set up before Wednesday morning of Fair Week unless OK'd by me.

This year I am doing camp coordination by myself, so please only send your info to me. My contact info: Nathan Greene (541) 852-0627 or spuddygreene@yahoo.com. Thanks

EXCERPTS FROM APRIL VILLAGE MEETING

Consensus Rap: Tend to talk about how we arrive at a decision and we forget the process. People get used to Robert's rules of Order or United state House of Rep's, and things get discussed, tabled, postponed, etc. Discussed some ideas float, some flow out the door, and some fall flat. The one's that float tend to expand, get added onto, and become an idea of perfect balance that we can all get behind. When we impose rigid rules, linear process, amendment to amendments', the process, the vision gets lost.

Peace and Loving Kindness rap: Dea is experiencing her 17th year in the Village and 20th year in fair. Has watched us all grow and evolve. As our mission has evolved we evolve. We are fairly loving and compassionate. Sometimes however there are things that happen that cause tension and sometimes those tensions tend to last for a long time. As someone who has been called into mediate when there was a problem, there was an idea to "let it go". Let it go this year and let things go we have against others, and things that have happened. As soon as we are having negative thoughts towards people or things/situations, we are not being as effective as possible. Please choose to love each other, please be kind to each other, please forgive each other, and please be in coherence with each other. BREATHE!!! Feel yourself having love, gratitude, compassion, dignity, and loving kindness towards each other.

Board Report: Monday night board meeting decided to postpone barter fair this year. Barter fair would be too much work on fair. Shane Harvey has taken over and he was site crew coordinator for a number of years for Charlie Ruff general manager. Please check the .net site or fair family news. The dragon was set on fire a month ago but the head and tail are still intact. It look like it was an accident. Dragon will be rebuilt and path planning is meeting at Alice's. More news on the Dragon very soon. Craft lot only 1/6 of craft lot will be opened to general public. So Fair will not be able to have the whole area cleared out by fair due to storm damage. Only a small part is being opened. There is a section opening called "sustainability" which is most likely where we will fit. Are people still going to be moved from Craft Lot? Most people will be able to stay in craft lot this year as South lot will not be ready.

Vapors: Do we regulate/discussion: A question arose from North Satellite Meeting. What will be done about regulating vapors? Fair has not addressed this yet but we will forward our comments from tonight to them.

Comments recorded included:

* Vapors have many more carcinogens in them and are actually far worse for your lungs

* A commenter reported that actually he experiences the opposite and the ingredients are actually not that bad

* You have to try and find the best providers and you need to research what you're getting and where you are getting it from

* This person reported he is actually doing better on vapors health wise

* Happy that vapors are helping people quit smoking but doesn't want people vaporizing around her child as it's a role model issue and does not want people smoking or vaping in front of child

* Another person indicated he's a smoker and is opposed to vaping in the village

* Still a tobacco product and people should still go into smoking areas instead of Village

* It's still a marketing campaign and still big companies marketing to youth

* Nothing has been discussed at Board level about vaporizers

* One person expressed concern about having to approach vapors about not smoking in village and their possible response

* Another person discussed that actually vaping allergy herbs helps this person address asthma
